7. Results and Screenshots
8. Conclusion
9. Github Link

# PROBLEM STATEMENT:

In today's digital world, professionals and students need a strong online presence to showcase their skills and achievements. Many people do not have a proper platform to present their work, which makes it difficult for recruiters or others to know their capabilities. A personal portfolio website solves this problem by providing a single, professional space to display details like skills, projects, and contact information.

# PROJECT OVERVIEW:

*The Portfolio Website Project is developed with the aim of creating a professional online platform to showcase personal and academic details, technical skills, and completed projects. It serves as a digital resume that highlights the individual's strengths in an interactive and visually appealing way.*

*The portfolio includes different sections such as Homepage, About Me, Skills, Projects, and Contact. The design is fully responsive, ensuring accessibility across desktops, tablets, and mobile devices. Smooth animations and transitions are added using CSS and JavaScript to enhance user experience.*

# WHO ARE THE END USERS?

- i). Teachers and Academic Evaluators.**
- ii). Clients**
- iii). Peers and Collaborates.**
- iv). General Audience**
- v). Recruiters and Employer's**

# TOOLS AND TECHNIQUES

Tools:

Languages: HTML, CSS, JS

Frameworks: React, Bootstrap, Tailwind

Design: Figma, Canva

Version Control: Git, GitHub

Hosting: Netlify, Vercel

Extras: Font Awesome, GSAP.

Techniques

Responsive design

Clean & simple layout

Consistent style

Smooth animations

# PORTFOLIO DESIGN AND LAYOUT

1. **Header / Navigation Bar**- Contains the name/logo and links to sections (Home, About, Skills, Projects, Contact).     **B**
2. **Home Page (Hero Section)** - Displays name, profession/role, and an attractive background with animation.
3. **About Me**   Brief introduction, education, and career objectives.
4. **Skills**       List of technical and soft skills, with progress bars or icons.
5. **Projects**    Showcases previous work with screenshots, descriptions, and GitHub links.
6. **Contact**     Contact form, email ID, and social media links.
7. **Footer**      Copyright info, quick links, and social handles.

# FEATURES AND FUNCTIONALITY :

1. **Features - Responsive design**  
About Me  
section  
Projects showcase  
Contact  
form ◆
2. **Functionality - Adjusts layout on  
mobile/desktop automatically**  
Displays  
personal and professional details

# CONCLUSION

1. A digital portfolio highlights skills, creativity, and achievements.
2. It serves as a personal branding and professional identity tool.
3. Showcases technical expertise and practical project work.
4. Demonstrates design sense, problem-solving ability, and innovation.
5. Acts as both a resume and a showcase for employers or clients.
6. Builds credibility and helps stand out in a competitive field.
